ASSESSMENT OF DAMAGES

Will Endeavor to Simplify Present Clumsy Method of Ordering Grading.

Two lengthy though rather inconsaquential sessions were held by the Admiistrative Board yesterday, Without the attendance of the crowd of city employes who hung about the doors during the opening meetings. doors during the opening meetings, the board held a lengthy conference peaterday morning with City Engineer Bolling, learning much of the present status of city improvements ordered for in contemplation. As a result of this conference the City Engineer was authorized to continue to completion certain contracts for street work.

graded,
It was a constant complaint of the
old Street Committee that it had
under the present aystem no way of
knowing what a proposed improvement would cost, and whether it was
untilled by surrounding values. Estimates could be secured on the cost of
the grading, but the report of the
Assessor of Damages went, not to the
Street Committee, but to the Committee on Figure, and was made in each
instance the basis of a special approorigation. In ordering the grading of ation in ordering the grading of street, therefore, the Street Com-tee worked entirely in the dark as st would be.

Astyptodyne Chemical Co., Wilmington, N. C.: Gentlemen,-I cannot help but write you as to the merit of Astyptodyne. Some time ago my younger son was severely burned with hot lead, and the wound would not heal, even though it had the doctor's attention; but upon the advice of a friend I purchased a bottle of Astyptodyne, and after a few applications the wound healed perfectly and did not leave a scar. I shall always feel it my duty to recommend it wherever

I can.
With best wishes for the success of such a valuable remedy, I remain, Yours very truly,

for your great remedy.

Wilmington, N. C .: Gentlemen,—It gives me great pleasure to recommend your Astyptodyne Healing Oil for sores. My little girl had a very bad sore leg about four or five months. I had several doctors to her, but they failed to cure it. I also used every remedy people recommended to me, but they failed. Your Mr. Anderson advised me to use Astyptodyne Healing Oil, and after using four 50c bottles she is entirely well, and I cannot say too much

Yours very truly,

Glen Allen, Va. Astyptodyne Chemical Co., Wilmington, N. C .:

Gentlemen,-My son, who is a carpenter, while carrying a heavy piece of timber, stepped on a twenty-penny spike, which had been driven through a plank and had rusted. It went through through his foot. I dressed the wound with Astyptodyne Healing Oil, and the soreness was quickly relieved and the swelling reduced. On the third day he was able to go to work again, and within ten days he was entirely healed, and it has given no trouble since. I have since used Astyptodyne Healing Oil for cuts and bruises, and consider it a most valuable household remedy, and will not be without it as long as it can be procured. Yours very truly,

C. W. LUCAS.

Gentlemen,-This is to certify that I used your Astyptodyne Healing Oil on my little daughter for tonsilitis in a very severe case. The throat was very much inflamed and very white, and in 30 minutes after I moped her throat she was able to sleep well, and seemed to get relief almost instantly. I had my family physician, Dr. Slade, to see her, and he said just continue the use of the Astyptodyne Healing Oil, which I did, and she only missed school two days. I have been selling your preparations for the past two years, and have found them to be entirely satisfactory.

Yours very truly,
